ELEXON Power Outage

What's the issue?

A planned power outage will take place this weekend. Therefore, our IT systems will be unavailable from 18.00 (BST) on Friday 07 June and will be back online from 09.00 (BST) on Monday 10 June. This is an ELEXON IT systems outage and **will not affect the BSC Central Systems.**

Why is the outage required?

The outage is due to ELEXON's Annual Building Shutdown. As this is happening outside working hours, there should be minimal impact on ELEXON and BSC Parties.

How will I be affected?

During the shutdown, we will be unable to run Best View Prices, or receive the TIBCO messages which are used for calculating the BM Prices.

The Best View Prices that would have been published on the morning of **Saturday 8 June** will not be published.

Instead the Best View Prices will be published early on the morning of **Tuesday 11 June**. However, the BM Prices for the Settlement Days Saturday 08 June 2012 and Sunday 09 June 2012 will be less indicative than usual. This will not be corrected until we have data from the II run for these two Settlement Days.

For more information, please contact:
