Purpose	For information

Completed: Planned National Grid downtime on Wednesday 26 November 2014

What is happening?

Following on from ELEXON Circular EL02160 we have been notified by National Grid that their planned downtime has been successfully completed.

We can confirm that the downtime did not impact the flow of Balancing Services Adjustment Data (BSAD) to the BSC Central Services.

Do I need to take any further action?

No, however if you have any questions, please contact the BSC Service Desk.
