National Grid Unplanned outage: resolved

What is happening?

Further to ELEXON Circular EL02372, the National Grid unplanned outage has now been resolved.

How will I be impacted?

The Balancing Mechanism Reporting Service (BMRS) has begun processing the backlog of Balancing Mechanism (BM) related files and will catch up with any delayed Settlement Calculations by approximately 17.00 (GMT). It has also started sending BM related messages via TIBCO.

Do I need to take any further action?

No, however if you have any questions please contact bscservicedesk@cgi.com.
