## 1. NOTE

Following the implementation of P207 'Introduction of a New Governance Regime to Allow a Risk Based Performance Assurance Framework (PAF) to be Utilised and Reinforce the Effectiveness of the Current PAF' in November 2008, the relevant sections of this procedure have been incorporated into BSCP533 'PARMS Data Provision, Reporting and Publication of Peer Comparison Data' and BSCP538 'Error and Failure Resolution'.

For further information on PARMS Techniques, please see BSCP533. For further information on Error and Failure Resolution and Escalation, please see BSCP538.

This BSCP will be discontinued at a future date. ELEXON will recommend to the Panel that a Modification Proposal is raised to remove references to BSCP534 from the Code.
