If you have any queries, please contact **Colin Berry** on 020 7380 4112 or email releases@elexon.co.uk.

¹ Changes to BSCP533 and the PARMS system for CP1325 were implemented in the November 2010 Release but the Pool Application changes could not be delivered in the same release, as a 'run-off' period for the retired serials was required. These changes were originally included in the June 11 Release, but have now been deferred to the November 11 Release, as the Pool Application will also be amended for P253.
