**What is the purpose of this CPC?**

This Change Proposal Circular (CPC) confirms the new versions of the BSC Sections, Code Subsidiary Documents (CSDs) and Configurable Items (CIs) that we will implement as part of the November 2011 BSC Systems Release ('the Release').

Where can I find more information on the November 2011 Release?

The Release consists of one Approved Modification and five Change Proposals (CPs). The full scope of the Release is on our [website](#).

In the Appendices below, we've listed the amended CSDs and CIs impacted by each Modification and CP with their effective dates.

We'll update the revised BSC Baseline shortly and make the new versions of the documents available to download from the [ELEXON Website](#) according to their effective dates.

If you have any queries, please contact Colin Berry on 020 7380 4112 or email releases@elexon.co.uk.
