

## Change Proposal Circular

## CPC00708: Implementation of the February 2012 BSC Systems Release

<b>To:</b>	BSC Change Administrators (BCAs) / Party Agent Change Administrators (PACAs)
<b>No:</b>	CPC00708
<b>Purpose:</b>	For Information
<b>From:</b>	Change Management Team
<b>Date:</b>	8 February 2012

**What is the purpose of this CPC?**

This Change Proposal Circular (CPC) confirms the new versions of the BSC Sections, Code Subsidiary Documents (CSDs) and Configurable Items (CIs) that we will implement as part of the February 2012 BSC Systems Release ('the Release').

**Where can I find more information on the February 2012 Release?**

The Release consists of four Approved Modifications and seven approved Change Proposals (CPs). The full scope of the Release is on the [February 2012 Release](#) page of our website.

In Appendix 1 below, we've listed the amended CSDs and CIs impacted by each Modification and CP. Change-marked final versions of these documents are available for download from the [February 2012 Release](#) page of our website.

We'll update the revised BSC Baseline shortly and make the new versions of the documents available to download from the [BSC and Related Documents](#) page of our website from the evening of 22 February 2012.

**What is the Release Implementation Date?**

The Release Implementation date is 23 February 2012. All amended BSC Sections, CSDs and CIs and software changes for the Release will be effective from this date.

**How will the Software Changes affect me?**

There won't be a direct impact on you. There are no changes to dataflows from the BSC Central Systems to Parties or Party Agents. The software changes are only to support the changes to processes introduced by the changes to the BSC and/or CSDs for the Release.

If you have any queries, please contact Colin Berry on 020 7380 4112 or email [releases@elexon.co.uk](mailto:releases@elexon.co.uk).
