Error in the Publish of MDD Version 175

An error has been identified with one of the Change Requests in the Publish of MDD Version 175. MDD Change Request M1398 requested a change of name and address for the UUNL MPID Role Code M (Meter Operator). However, in the Publish issued last week, this change was incorrectly input against the UUNL MPID Role Code 8 (Meter Asset Provider).

We will correct this error in the next Version of MDD. We have spoken to the Participants affected by this error, and they have agreed with this approach. An additional Change Request will be raised to formally enter these corrections into MDD 176.

This error should have no impact on other Market Participants. However, if you feel you will be impacted by this, please let us know as soon as possible.

If you have any queries please call the BSC Service Desk on 0870 010 6950 or email bscservicedesk@logica.com.
