

## SVA Change Circular

---

<b>To</b>	SVA Change Circular List
<b>No.</b>	SVA CC103
<b>Purpose</b>	For Review by 17:00 on Friday 30 January 2009
<b>From</b>	Change Implementation Team
<b>Date</b>	16 January 2009

---

### **Invitation to Review of SVA Code Subsidiary Documents amended for the [June 09 BSC Systems Release \(P215 and P222\)](#)**

#### **Purpose**

This Circular invites you to review the documents that are being amended for the June 2009 release. A review form has been sent with this circular which you can use to return any comments you may have on the changes to the documents. Please email your comments using the form provided to [releases@elexon.co.uk](mailto:releases@elexon.co.uk) by 17:00 on Friday 30 January 2009.

#### **Background**

BSCP15 has been amended as a result of [Modification P215](#) "Revised Credit Cover Methodology for Generating BM Units (Approved)".

Modification P215 seeks to modify the BSC to allow Final Physical Notifications (FPN) to be used in the calculation of Credit Assessment Energy Indebtedness (CEI) for 'generating BM Units', instead of Credit Assessment Load Factors (CALF) and Generation Capacity (GC), in order to improve the accuracy of the Credit Cover arrangements for 'generating BM Units'.

The remaining documents listed below have been amended as a result of [modification P222](#) "Provision of EAC and AA data to Distributors (Approved)".

Alternative Modification P222 seeks to provide LDSOs, who wish to receive it, with a snapshot of EAC data through placing a specific obligation on the Supplier (via their Non Half-Hourly Data Aggregator) to send a new data flow on CD on a quarterly basis.

#### **Documents being changes for June 2009 Release (Modifications P215 and P222)**

The following documents are amended for [Modification P222](#) and Modification P215 and can be found on the [June 2009 release documentation pages](#):

- BSCP15 - BM Unit Registration
- BSCP505 - Non Half Hourly Data Aggregation for SVA Metering Systems Registered in SMRS
- BSCP515 - Licensed Distribution
- Reporting Catalogue
- SVA Data Catalogue Volume 1
- SVA Data Catalogue Volume 2

Please note that there are a number of Change Proposals in the June 2009 release. These Change Proposals only affect Category 1 Documentation. This means that any changes to the documents are developed,

reviewed and approved as part of the Change Process. Please also note that there will be some documentation for review by ISG.

For more information on this circular, please contact the Change Implementation Team by emailing to our [Releases](#) mailbox.
