PASSED

PM1000+ Post Calibration Verification

PM1000+ Serial No.:   100008202917

Hardware Revision: 54

Firmware Revision: Ver.4.26

Manufacturer: Voltech Instruments

Verification Status: PASSED

Verification Date: 30 April 2013

Certificate No.:   1000082029172013430125935

Verification Data: 100008202917-Ver-2013430125935.csv

Voltech Instruments certifies that the above product has been manufactured to the highest quality standard of workmanship. It conforms to the manufacturers published specification and is traceable to National Physical Laboratory; England and the National Institute of Standards and Technology; Gaithersburg U.S.A.

Temperature & Humidity: 24⁰C +/- 3⁰C   <75%

The following equipment was used: -

Calibration Application: VPN 88-308 Ver. 1.18

Reference meter, HP3458A S/N: 2823A01344   Certificate: 1-4473741484-1

Calibration Amplifier S/N: 100084000001
