

# SL4W

## 4 watts Pedestrian Crossing Flood Light

We have designed and built this low energy LED flood light to compliment our range of pedestrian crossing belisha beacons.

Consisting of four x 1 watt high power White LED's and producing a minimum of 400 lumens. Mounting one on each Zebra Column will help to illuminate the crossing.

### Specification

#### IP65 Housing

Extruded octagon measuring 110mm across flats and finished in Black powder coat polyester with 3mm thick clear polycarbonate lense.

Clamp to fit 76.0mm dia. column

Dimensions(mm) 110x110x220

#### Illumination

4 x 1 watt Bright White LED's

400 lumens

4 watt driver

4.0m 3 core flex

Power Consumption = 4 watts

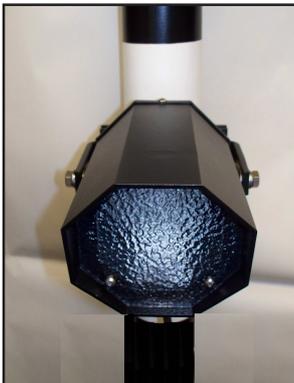

### Controls

240v ac mains .

Dusk to Dawn Photo Electric Cell

Life expectancy of 50,000 hours.

**Anti-corrosive light weight housing - Low Energy Consumption - Modern Design**
