How to order

The INDO code is human readable, and is made up of 8 parts. Each part describes important features of the product's specification, and can be referenced in the lookup table for each product.

INDO holds stock of popular specifications, and the common specification is shown for each product as a default product code. By ordering a stock item, lead times can be significantly reduced.

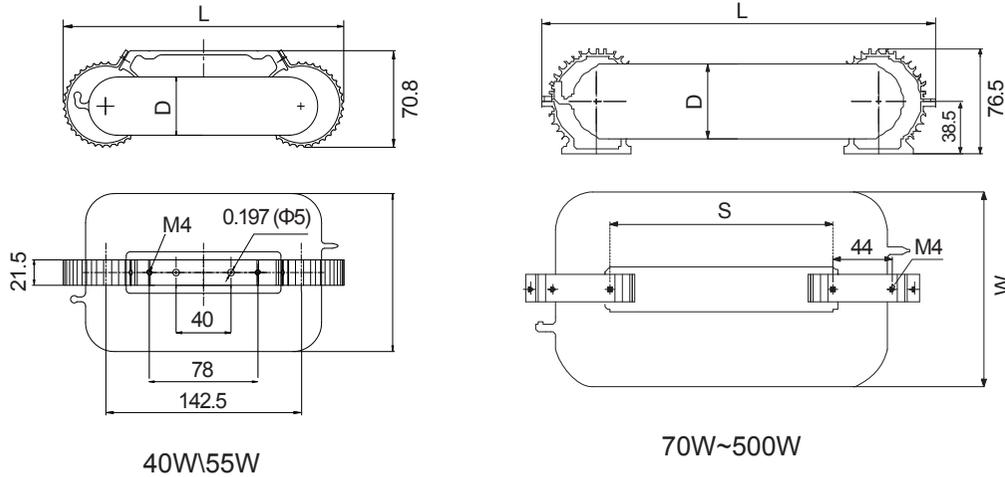

Default product code

Product specifications

Operating Frequency (KHz)	100 - 300
Luminance Maintenance (60,000 Hrs)	70%
CRI	≥80
Rated Life (Hours)	100,000

Features :

- ⦿ 100,000 hour life time per lamp
- ⦿ Instant strike, re-strike
- ⦿ Low lumen depreciation
- ⦿ Dimmable to 50% brightness
- ⦿ Ambient temperature range -40°C to +50°C

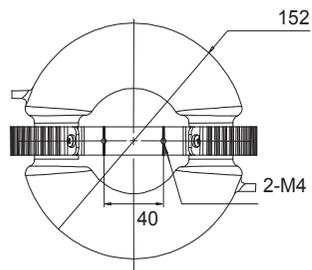

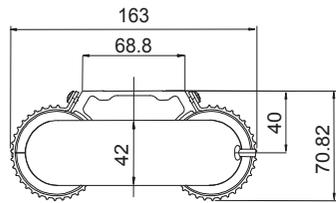

Applications :

Motorways, roads, car parks, public entrances, off-street areas, warehouses, tunnels, factories, sports facilities.

Product specifications

Voltage (V)	120-277
Frequency (Hz)	50/60
THD	≤ 10%
Power Factor	> 0.95
Case Temperature (°C)	< 65

Features :

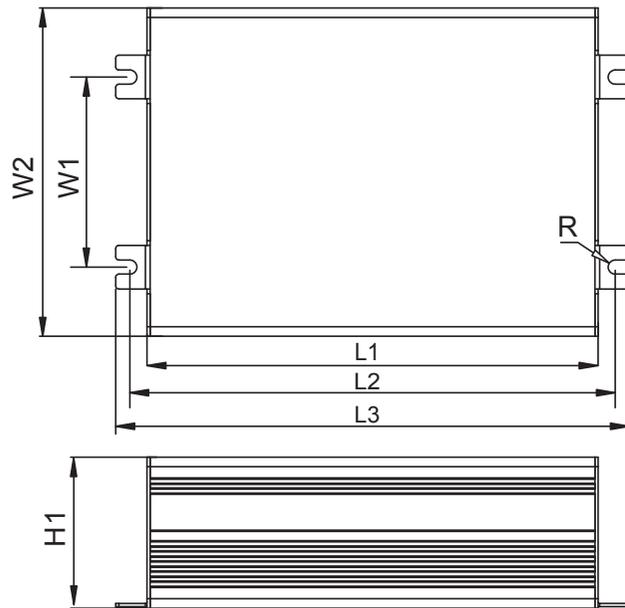

- ⊙ High quality electronic ballast
- ⊙ Excellent thermal design
- ⊙ High efficiency, low circuit losses
- ⊙ Very high power factor
- ⊙ Dimmable by analogue and DALI

Applications :

- ⊙ Retrofit into existing fittings
- ⊙ OEM Luminaire Manufacture

Product specifications

Operating Frequency (Hz)	100
Luminaire Maintenance (60,000 Hrs)	70%
CRI	≥80
Rated Life (Hours)	60,000

Features :

- ⊙ Advanced thermal PCB design
- ⊙ Huge energy and maintenance savings
- ⊙ Install as part of lamp replacement schedule
- ⊙ Designed to work off existing electronics
- ⊙ CRI > 80
- ⊙ Wide beam angle of 120 degrees
- ⊙ Payback typically under 2 years

Applications :

Signage, Bollards, Emergency Fittings, Subways, Tunnels
