

Redlined BSCP501 for CP1424 ‘Amending the requirement for Data Aggregators to perform Full SMRS Refreshes’.

The CP proposes changes to BSCP501 section 4.5.

We have redlined these changes against Version 13.0.

4.5 Refreshes

~~A Selective or Full Refresh shall consist of all relevant data covering a period of two years (or a shorter period by mutual agreement between the SMRA and the Data Aggregator) prior to the date on which the refresh was generated, sent in instruction format. Where BSCCo or the Performance Assurance Board (PAB) instructs a NHHDA to request a Full Refresh, the SMRA shall send, in instruction format, a Full Refresh containing all relevant data covering those Settlement dates for which a Final Reconciliation Run has not yet taken place at the time the Full Refresh is generated.~~

For Selective Refreshes, or additional Full Refreshes initiated by mutual agreement between the SMRA and the Data Aggregator, a shorter Settlement period may apply.

Where an SMRA receives more than 50 requests for a Selective Refresh on any Working Day, the SMRA shall use reasonable endeavours to provide as many Selective Refreshes as possible but shall only be required to provide 50 Selective Refreshes using the following allocation:

- A maximum of five per Supplier or Data Aggregator allocated in the order that the requests are received;
- Where the above rule has been complied with, any extra Selective Refreshes which have been requested shall be provided in the order in which they have been requested; and
- Any extra Selective Refreshes in excess of 50 requested in any Working Day or received after 15:00 hours on a Working Day, which the SMRA has not provided, shall be deemed to have been the first requested at the start of the next Working Day.

Where an SMRA receives more than 3 requests for a Full Refresh within a 5 Working Day period, the SMRA shall use its reasonable endeavours to provide as many Full Refreshes as possible, but shall only be required to provide Full Refreshes in response to the first 3 requests received during that 5 Working Day period within 15 Working Days of the request. Any further requests received during that 5 Working Day period shall be deemed to have been received on the fifth Working Day after the receipt of the first request.
