Zeta Specialist Lighting are a leading supplier of bespoke LED solutions for subway lighting.

The Zeta Subway Kit includes LED Blade Arrays; offering efficient lumen levels and high power factor when combined with the correct driver selection.

Designed to allow LED to replace a number of fluorescent and high power traditional lamps, the arrays come in a variety of shapes and sizes, meaning the Zeta kit is an ideal retro fit solution.

Each kit is a bespoke solution to provide optimal performance for subways, making the Zeta solution the best in the market.
