

BSC CHANGE – REDLINING COVER NOTE

Versioning

Please note that the version number, effective date and numbering will be updated ahead of implementation for each document.

How do I find the amendments to the document(s) for this change?

You should use Microsoft Word's 'tracked changes' function.

In Microsoft Word, the tracked changes function is under the 'Review' tab.

Selecting the 'All Markup' view will show the original document with any additions and deletions clearly marked.

To navigate between redlined changes, you can either scroll through using the  **Next** and  **Previous** buttons, or to see a full list of off changes you can open out the  **Reviewing Pane**.

Where can I find assistance?

If you require assistance in assessing this redlining or have questions on the redlining, please contact the **Lead Analyst** for this change. Contact details for each Lead Analyst can be found on the relevant Modification or Change Proposal webpage on the [BSC Website](#) or in the report accompanying this drafting. Alternatively you can email BSC.change@elexon.co.uk with any queries.
