Elxon's MHHS team,

Shell Energy Retail Limited welcomes the opportunity to respond to the consultation dated 21st April 2021 with regards to the reference architecture to support Market-wide Half Hourly Settlement (MHHS) implementation.

Due to time constraints we have unfortunately not been able to answer the questions on the form, but would like to add that we believe the suggestions so far look manageable. In our view the next stage of development will be crucial and we are very keen to be kept informed.

Many thanks and we look forward to future engagement with you as MHHS implementation continues.

Yours Sincerely

Paul Farmer
