8 Committee Communications

Operational Communications

- 8.1 Where the BCB is overseeing defined BSC processes, any communications to BSC Parties, Party Agents or other bodies will be defined either in the BSC or in Code Subsidiary Documents (most often BSCPs) and may take the form of consultations, circular notifications, e-mails or letters etc.
- 8.2 Where the BCB deals with matters which do not have explicitly defined communication steps set out in the BSC but do fall clearly within its explicitly defined areas of responsibility, powers and functions the BCB will communicate with BSC Parties, Party Agents or other bodies via e-mails and letters.
- 8.3 In both cases such communications may be delegated to ELEXON by Panel Committees or groups unless otherwise prohibited by the BSC.
- 8.4 Such communications as outlined above remain the responsibility of the BCB.

Strategic Communications and Other Communications

- 8.5 From time to time, matters may arise that relate to wider industry issues. Such matters may impact the BCB areas of responsibility either directly or indirectly but will also have impacts that arise out with the BSC.
- 8.6 Where the BCB has views on such matters these views should be relayed to the BSC Panel such that the BSC Panel may, at its discretion, issue a communication to the relevant industry participant, body or government department (either via letter or any other form as appropriate).
- 8.7 It is possible that the views of the Panel's independent committees and groups do not align with the views of the Panel itself. To ensure that the views of the BCB are not lost, where matters are relayed to the BSC Panel, these will be recorded in the relevant meeting materials or minutes as appropriate. Further, the Panel should reference the views of its various groups and committees in its communications with industry participants, bodies or government departments.
- 8.8 Where the Panel issues communications based on matters brought to its attention by the BCB (or receives responses to such communications), the Panel will, unless it agrees otherwise on the basis of confidentiality, provide a copy of such communications or responses to the BCB.

Time Bound Communications

- 8.9 Where the BCB identifies a strategic or other matter (as outlined above) which it wishes to bring to the Panel's attention and where that matter is such that the value of any communication would be eroded if a communication is not issued prior to the end of the week following the next scheduled Panel meeting, the BCB Chairman will relay the matter to the Panel Chairman (or, in their absence,

the Deputy Panel Chairman) directly. The Panel Chairman (or, in their absence, the Deputy Panel Chairman) will then determine whether to:

- a) Seek the views of Panel Members² and their ex-committee approval to issue an appropriate communication so as to meet the timescales required for the communication before issuing such communication to the relevant industry participants, bodies or government departments; or
- b) Issue an appropriate communication to the relevant industry participants, bodies or government departments so as to meet the timescales required for the communication and circulate a copy of this communication to Panel Members for information.

² Including those regular attendees entitled to attend the BSC Panel as prescribed by the BSC (i.e. the representative of Distribution System Operators appointed in accordance with B2.13 of the BSC, the representative of the Authority (as provided for under Section B2.12.1 of the BSC) and the Chief Executive of ELEXON (as provided for under Section B2.14.1 of the BSC).
