## 1 Introduction

### 1.1 Purpose and Scope of the Procedure

This BSCP defines the processes that the Funds Administration Agent (FAA) shall use to carry out the transfer of funds in respect of Settlement between Parties and the Code Clearer for Trading Charges, Ad Hoc Trading Charges and Reconciliation Charges under the Code, and some ancillary activities. It also defines the processes by which Parties may reduce or increase the amount of Credit Cover held by the FAA in relation to that Party.

This is achieved by detailing the FAA activities which are driven by the Settlement process and also those enabling processes which are either ad-hoc or have timescales which are independent of the Settlement process.

This BSCP focuses on the interfaces between the FAA and other agencies seen from the perspective of the FAA.

This BSCP also covers the preparation of the Payment Calendar by the FAA and of the Settlement Calendar by the Settlement Administration Agent (SAA).

### 1.2 Main Users of the Procedure and their Responsibilities

The main users of this Procedure include the:

- a) Funds Administration Agent (FAA).
- b) Settlement Administration Agent (SAA).
- c) Parties.
- d) Panel.
- e) Code Auditor.
- f) ECVAA.
- g) CRA.
- h) BSCCo.

By each Notification Date, the FAA has to receive from the SAA, Settlement results for the relevant Settlement Day(s), as set out in the Payment Calendar.

With information for each Settlement Day the FAA uses the Funds Transfer System (FTS) to calculate the necessary exchange of funds between each Payment Party and the Code Clearer on the Payment Date. Advice Notes<sup>1</sup> are sent to Payment Parties and the BSCCo prior to the Payment Date. Confirmation Notices<sup>1†</sup> to Payment Parties and BSCCo are sent after the Payment Date.

---

<sup>1</sup> Whilst the BSC definition of Advice Note & Confirmation Notice does not specify BSCCo as a recipient, it is expedient to include BSCCo rather than create a duplicate interface.

Where a Party has access to the Self-Service Gateway and an equivalent online form is provided, the Party may use the online form as an alternative to the paper forms defined in this BSCP.

Where a Party has provided data using the Self-Service Gateway, BSCCo may use the service to validate and confirm the input data or to request additional data. Where this is the case, these online transactions will represent a valid equivalent to the transactions defined in this BSCP.

Please note that there will not always be a one-to-one equivalence between the data collected via the Self-Service Gateway and the paper forms defined in this BSCP. For example, data collected in one paper form, may be collected by more than one online form. Conversely, a single online form may collect data from more than one paper form.

All references to the provision of information using BSCP forms in this Procedure, should be construed as provision either by a paper form or via the Self-Service Gateway. References to the CRA, including checks performed by the CRA, may include the Self-Service Gateway as applicable.

### 1.3 Key Milestones

There are the following key milestones:

- Production of the Payment Calendar in accordance with section N and of the Settlement Calendar in accordance with Code section U.
- Funds transfer in accordance with Code section N.
- Management and monitoring of Credit Cover in accordance with Code section M.

### 1.4 Balancing and Settlement Code Provision

This Procedure should be read in conjunction with the Code and in particular sections M, N and U thereof.

In the event of an inconsistency between the provisions of this BSCP and the Code, the provisions of the Code shall prevail.

### 1.5 Associated BSC Procedures
