

BSC CHANGE – DRAFT REDLINING

This is the redlined changes to BSCP535 for CP1537. We have redlined these changes against version 11.0. (Please note that the version number, effective date and numbering will be updated ahead of implementation.)

Impacted sections

We have made changes to the following sections for CP1537:

- 1.4.1
- 3.2.6
- 3.4.1

Using 'Tracked Changes'

In Microsoft Word, the tracked changes function is under the 'Review' tab.

Selecting the 'All Markup' view will show the original document with any additions and deletions clearly marked.

To navigate between redlined changes, you can either scroll through using the  Next and  Previous buttons, or to see a full list of off changes you can open out the  Reviewing Pane .

If you require assistance in assessing this redlining, please contact **Nicholas Brocklesby** on **020 7380 4113** or email BSC.change@elexon.co.uk.

1. Introduction

1.1. Purpose and Scope of the Procedure

This BSC Procedure defines the process for providing assurance that Performance Assurance Parties (PAPs) are meeting their obligations as stated within the BSC or Code Subsidiary Documents as appropriate. It describes the key interfaces and timetable responsibilities for the role of the Performance Assurance Board (PAB) and/or Delegated Authority and other interested parties in the Technical Assurance of PAPs (TAP). The PAB may delegate such functions as it sees fit in accordance with the PAB Terms of Reference.

The TAP function will be distinct from but complementary to other Performance Assurance Techniques (PAT), in particular the BSC Audit and Qualification process and requirements.

1.2. Risk Based Performance Assurance Framework

PATs will be applied to a PAP based on the net significance of the applicable Settlement Risk and an assessment of the PAP's contribution to the Settlement Risk.

Settlement Risks and their net significance are captured on the Risk Evaluation Register (RER). All the Settlement Risks identified are rated in terms of severity of impact and probability (including a weighting for the strength of controls).

The Settlement Risks are assigned PATs to mitigate those risks and these PATs are recorded in the Risk Operating Plan (ROP) against each Settlement Risk.

The RER and the ROP are produced for a Performance Assurance Operating Period (PAOP) in accordance with the Annual Performance Assurance Timetable and the agreed Risk Evaluation Methodology (REM), which details the processes used to identify and evaluate the Settlement Risks and assess their materiality.

At the end of a Performance Assurance Operating Period, the PAB will prepare an Annual Performance Assurance Report for the Panel detailing the assurance that has been provided during the course of the period, the extent to which Settlement Risks have been mitigated, and BSCCo costs of providing that assurance.

Technical Assurance is a PAT and will be deployed to a PAP in relation to relevant Settlement Risks.

1.3 Main Users of the Procedure

This BSC Procedure should be used by the:

- Performance Assurance Parties
- Data Transfer Service Provider
- Delegated Authority
- BSCCo
- Performance Assurance Board (PAB)

1.4. Scope of Work

1.4.1. Technical Assurance Checks

There are three distinct areas of work that are applicable to all Performance Assurance Parties:

- Scope of work for TAP.
 - This includes details of the check to be undertaken and will utilise information from PAPs, other PAF techniques, the BSC Auditor, BSCCo and the PAA when deciding where to apply the checks.
- Targeted Checks of PAPs.
 - The PAB may decide to apply a targeted check because of performance related issues, Settlement error, information provided by its sub-committees or the Panel.
- Post-Qualification checks of newly qualified PAPs.
 - These checks take place after a PAP has been qualified or re-qualified and there is a requirement to prove capability.

The key steps in the scope of work of the TAP function are:

- The PAB will produce a scope of work for the TAP function, in respect of each Performance Assurance Operating Period in accordance with the ROP.
- The scope of work will be published (through the ROP) on the BSC Website within 10 Working Days of PAB approval.
- The Delegated Authority will report to the PAB on a regular basis on the progress of work being undertaken as part of the scope for TAP.
- The findings of the check will feed into the Annual Performance Assurance Report.

The key milestones in the performance of a check are:

- The PAB or its Delegated Authority will select PAPs who will form the subject of the TAP check in question. The PAB or its Delegated Authority will then notify the PAP of the check and make any requests for documentation at least 10 Working Days prior to the scheduled date (2 Working Days for an urgent targeted check).
- The PAB or its Delegated Authority shall conduct the check and record the results in accordance with the Check Results form (BSCP535/06). The PAB shall then provide the PAP in question with a copy of the results.
- The PAP in question shall then ~~agree-respond to~~ the results within ~~52~~ Working Days.
- In the case of an agreed non-compliance, the PAP may be asked to provide rectification details in accordance with BSCP538 – Error and Failure Resolution.
- In the case of a disputed non-compliance, the PAP must provide details of the dispute to the Delegated Authority within 10 Working Days of notification of the non-compliance.
- The Delegated Authority will then re-determine the validity of the non-compliance. If the PAP still disputes the non-compliance then the Delegated Authority's decision can be appealed to the PAB.
- The Delegated Authority will report to the PAB as and when required on the results of any checks (including targeted checks) performed.

1.5. Responsibilities

The PAB, as part of determining the annual scope of work for TAP, may delegate the performance of each check and each of the functions associated with the performance of each check to a Delegated Authority.

PAPs are responsible for providing any information that is requested by the PAB or its Delegated Authority in order to perform a TAP check.

For those checks performed on site the PAP is responsible for allowing the PAB or its Delegated Authority access to the site. For the purposes of this BSC Procedure, a site is defined as a PAP's premises.

1.6. Balancing and Settlement Code Provision

This BSC Procedure has been produced in accordance with the provisions of the BSC and in particular Section Z. In the event of an inconsistency between the provisions of this BSC Procedure and the BSC, the provisions of the BSC shall prevail.

1.7. Associated BSC Procedures

This BSC Procedure interfaces with:

All information communicated through the forms in these appendices must contain the detail stipulated for each form; *however the communication method is flexible and must be agreed between PAP and PAB / Delegated Authority.*

Form BSCP535/01 – Notification of a Technical Assurance of Performance Assurance Parties Check

The Delegated Authority will provide the following details to the PAP in accordance with section 3.2.1:

- PAP subject to check
- Role subject to check
- Check Reference (determined by the Delegated Authority)
- Proposed Date of Check
- Anticipated Duration of Check
- Reason for check, including link to ROP, scope of work and relevant Settlement Risk Identification Number(s)
- Request for required documentation from the PAP
- Details of the required documentation from the PAP
- Request for an overview of the PAP's organisation structure
- Date by which the PAP must accept the proposed TA check using the date items required in form BSCP535/02
- Date by which the PAP must provide the required documentation and organisation structure to the Delegated Authority
- Contact details for the PAP to all requested documents, acceptance and a point of contact for any communication with the Delegated Authority

Form BSCP535/02 – Acceptance of TA check

The PAP will provide the following details to the Delegated Authority in accordance with section 3.2.2:

- Check Reference (determined by the Delegated Authority)
- Proposed Date of Check
- Anticipated Duration of Check
- Confirmation of how and when all required documentation and the PAP's organisation structure will be provided
- Details of main contact at PAP for duration of the check
- Any other relevant information

Form BSCP535/03 – Not used**Form BSCP535/04 – Not used****Form BSCP535/05 – Not used****Form BSCP535/06 – Check Results**

The Delegated Authority will provide the following details as appropriate in accordance with sections 3.2.5 and 3.2.7 and the PAP shall return with the ~~of~~ agreement of results [or reason for an appeal](#) in accordance with section 3.2.6:

- Check Reference (determined by the Delegated Authority)
- Date of Check
- Details of check including Settlement Risk Information Number(s)
- Details of any non-compliances
- Details of any observations
- Details of any compliance
- Details of contact at Delegated Authority issuing the results
- Details of contact at PAP agreeing the results
- Date of agreement of results (when agreed)
- Any other relevant information
