**PAB279/07 – Request for Exemption from
Suppliers**

Sarah Ross and Vaishnavi Sharma

25 April 2024

Supplier requests received

Some Supplier organisations have reached out to seek exemption from MHHS requirements where the Supplier neither operates nor intends to operate certain type of Meter Points. From queries currently received by the Code Bodies, the requests can be categorised as one of the following:

Supplier Category	Exemption Requested
<p>I&C Suppliers who:</p> <ul style="list-style-type: none">• are currently qualified as HH-only Suppliers• hold a Non-Domestic only Supply Licence• are not registered with DCC to operate DCC-enrolled Smart Meters• operate and intend to continue operating a portfolio of Advanced meters only	<p>Seeking exemption from MHHS requirements for Suppliers relating to the Smart Market Segment.</p>
<p>Suppliers who:</p> <ul style="list-style-type: none">• Do not operate a Prepayment portfolio	<p>Seeking exemption from MHHS requirements for Suppliers relating to Prepayment.</p>
<p>Suppliers who:</p> <ul style="list-style-type: none">• Do not operate an Export portfolio	<p>Seeking exemption from MHHS requirements for Suppliers relating to Export.</p>

Next Steps

The Code Bodies are engaging with the constituency representative for I&C Suppliers, Ofgem and the MHHS Programme to seek their views on this topic.

We invite you to a joint working group on **Thursday 2 May 10:00-12:00** to consider these requests, assess risks associated with Suppliers not having systems and processes to deliver some Code obligations and propose a solution.

We are seeking volunteers from:

- BSC PAB
- REC PAB
- Elexon
- RECCo
- REC Code Manager
- Ofgem
- MHHS Programme

Seek views on the appropriate solution from the Working Group at QWG and QAG and take to respective PABs for approval.

Recommendations

We invite the PAB to:

- a) **NOTE** queries raised by some Suppliers on the scope of MHHS Qualification and their ability to meet the requirements as currently set out based on their business model; and
- b) **NOTE** the plan proposed by Elexon and the REC Code Manager to assess risk and develop a joint appropriate in response to these queries.
