

Redlined Reporting Catalogue text for P369 ‘National Grid Legal Separation changes to BSC’

This Modification proposes changes to sections 2.1, 2.5 and 6.1. We have redlined these changes against Version 19.0.

There is no impact on any other part of this document for this Modification.

2.1 Data Posted on the BMRS

The BMRA shall receive and publish the Balancing Mechanism and System Related Data (including data relating to Emergency Instructions issued by the ~~System Operator~~Transmission Company, via the System Warning Function) continuously as it is received from the ~~System Operator~~Transmission Company. The reports ‘Publish Balancing Mechanism Data’ (BMRA-I001) and ‘System Related Data’ (BMRA-I002) and the data items contained therein are defined in the NETA IDD Part 1.

2.5 European Regulation Data Posted on the BMRS

The BMRA Service shall receive and publish on a continuous basis, data relating to the Regulation on Energy Market Integrity and Transparency (REMIT)¹ and the European Transparency Regulation² as it is received from the ~~System Operator~~Transmission Company and/or BMR Users. The reports and the data items contained therein are defined in the NETA IDD Part 1 (Reference BMRA-I030 and BMRA-I031).

6.1 Raw Metered Volumes Data Report to Party, Transmission Company & Licensed Distribution System Operators.

The CDCA shall issue Raw Metered Volume Data Reports daily to the relevant Party(s), including the Distribution Business, and the ~~System Operator~~Transmission Company, detailing meter for which the Party is a registrant and the status of this data.

This report and the data items contained therein are defined in the NETA IDD Part 1 (reference CDCA-I012).

¹ Regulation (EU) No 1227/2011

² Regulation (EU) No 543/2013
