OPEN SESSION: OTHER BUSINESS

6. Actions

- 6.1 The SVG Chairman confirmed the new actions raised in this meeting.

7. Minutes from Previous Meeting

- 7.1 The SVG agreed the minutes from the previous meeting without comment.

8. Matters Arising

- 8.1 An SVG Member queried a set of new LLFCs raised months ago for the South Western (_L) GSP Group. These LLFCs related to load management. The SVG Member queried the resulting requirements for Suppliers. The SVG Vice Chairman responded that this is part of a DCUSA Change DCP 326 'Introduction of Load Diversification Identifiers for Load Managed Areas'. Another SVG Member responded that it is an obligation for new meters when they become smart and referred to the DCUSA Schedule 8. The SVG Member also noted that there is an obligation to check sites and that this also applies to the Southern (_H), South Scotland (_N) and North Scotland (_P) GSP Groups, and therefore further LLFC updates for these GSP Groups should be expected in due course. However, this depends on their own timescales for this area.
