Purpose For action

ELEXON Power outage: Friday 14 September to Sunday 16 September 2018

What's the issue?

A planned outage will take place between **17:00 (BST) Friday 14 September and 18:00 (BST) Sunday 16 September 2018**. Please note these times are approximate and the length of the outage will depend on the maintenance work required.

This is an ELEXON IT systems outage and will not affect the BSC Central Systems.

Why is the outage required?

This is an annual building electrical maintenance and testing.

How will I be affected?

During the outage, ELEXON may receive the TIBCO messages intermittently; as a result the indicative Best View Prices may deviate more from final prices than usual from **17:00 on Friday 14 September until 18:00 on Sunday 16 September 2018**. These prices will not be recalculated and will remain potentially less accurate until we have data from the Interim Information (II) run.
