

CIRCULAR

TYPE & NUMBER ELEXON Circular - EL02887

Date 26 September 2018

To BSC Parties

From BSC Operations

Purpose For information

Resolved: Generation by Fuel Type data issue on BMRS

What is happening?

Further to circular EL02886, National Grid has rectified the issue and the Generation by Fuel type files are now coming in the Balancing Mechanism Reporting Service (BMRS) as expected. National Grid will be resending any missing data later today to address any gaps within the historical data.

Is there anything else I need to know?
