

CIRCULAR

TYPE & NUMBER	ELEXON Circular – EL03064
--------------------------	---------------------------

Date	28 October 2019
To	BSC Parties
From	BSC Operations
Purpose	For information

Inconsistent BSAD data sent to BMRS

What is happening?

ELEXON is currently investigating an incident where inconsistent Balancing Services Adjustment Data (BSAD) data is published on the Balancing Mechanism Reporting Service (BMRS). While this issue is ongoing the indicative System Prices published on BMRS may not be accurate as BSAD data is used in the indicative System Prices calculations.

National Grid ESO sends the BSAD data to the BMRS for every Settlement Period and BMRS continues to publish the data as received.

How will I be impacted?

We have raised this incident with NGESO are they are investigating it. We will provide an update as soon as we receive the details from NGESO.

Do I need to take any further action?

No, for more information on this Circular, please email bscservicedesk@cqi.com.
