---

<b>TYPE &amp; NUMBER</b>	ELEXON Circular EL03070
--------------------------	-------------------------

---

<b>Date</b>	7 November 2019
<b>To</b>	BSC Parties
<b>From</b>	BSC Operations
<b>Purpose</b>	For information

---

## Erroneous ECVAAs Forward Contract Report released

### What is happening?

The Energy Contract Volume Aggregation Agent (ECVAA) runs a Forward Contract Report (ECVAA-I022) every day at 09:00, 14:30, 18:30 and 22:00. The ECVAA-I022 shows the notified contract position for your BSC Party for the next 7 days. There was an additional report produced in error today and this was released at approximately 12:20 (GMT) today.

### How will I be impacted?

This report was released in error and contained historical data instead of contract positions for the next 7 days. Please ignore this report.

All the routinely scheduled reports were unaffected and released as expected.

### Is there anything else I need to know?

For further information, please contact [BSCServiceDesk@cgi.com](mailto:BSCServiceDesk@cgi.com).
