Update: Intermittent access to BMRS website

What is happening?

Further to ELEXON Circular [EL03153](#), we have identified the cause of the issue impacting the Balancing Mechanism Reporting Service (BMRS). We are aiming to resolve this by 13:00 (BST) today.

How will I be impacted?

Until this issue is resolved, users may experience reduced performance and intermittent access the BMRS website and APIs. Additionally, this issue is impacting loading of data and ELEXON has suspended the Settlement Calculations to prevent inaccurate System Prices being published.

Is there anything else I need to know?

No, for more information on this Circular, please contact the [BSC Service Desk](#).
