Clock Interval Error in Market Domain Data (MDD) Version 306

Elexon has identified an invalid Clock Interval entry which might need manually correcting by Participants. This was typed into the MDD system incorrectly in MDD Version 306 and might cause issues for Participants loading the D0269 or D0270 files.

Elexon intends to correct this in MDD Version 307 with a go-live date of 17 February 2021. Until this is rectified, you might need to make the following manual amendment before loading the D0269 or D0270 files into your systems.

The error was made in the 'End Month' field in the Clock Interval (Entity 27) table as highlighted in yellow below;

Incorrect -

Time Pattern Regime ID	Day of the Week ID	Start Day	Start Month	End Day	End Month	Start Time	End Time
524	5	1	1	31	12	22:30	23:30

Correct -

Time Pattern Regime ID	Day of the Week ID	Start Day	Start Month	End Day	End Month	Start Time	End Time
524	5	1	1	31	5	22:30	23:30

If you have any questions or concerns, please email the BSC Service Desk bscservicedesk@cgi.com and copy in the MDD Mailbox mddc@elexon.co.uk
