Workaround for loading Market Domain Data (MDD) Version 319

A new Distributor Short Code of '77' was created and assigned to MPID 'AMSN' (Asset Metering System Network) under Role Code R (Distributor). An associated Role Code P (PRS Agent) is required under the validation rules in MDD but this was not added for MPID 'AMSN'. This might cause issues for Participants loading the D0269 or D0270 files.

Elexon will correct this in MDD Version 320 with a go-live date of 16 February 2022, by adding under CR M3995 the P Role Code with an Effective From Date of 26/01/22 to match the R Role Code EFD. Until this is rectified, you might need to make the following manual amendment before loading the D0269 or D0270 files into your systems.

Please add the below rows in red to the 'AMSN' entry;
