- 2.7 Each member shall disclose to the Chairman any interests that may, in their reasonable opinion, give rise to a conflict of interest (whether real or perceived) on any item of business. Following such disclosure, the member may decide (or the Chairman may determine) that they should absent themselves from any recommendation on that item.

3.2 The Chairman will be responsible for arranging meetings, providing a Technical Secretary and distributing an agenda and paperwork before the meeting.

4.2 Wherever possible, recommendations/advice will be based on a consensus view of the UMSUG members present. However, where a different minority view exists, this shall also be reported to the SVG.

5 Agenda/Papers/Reporting

5.1 The Technical Secretary shall, at the request of the UMSUG Chairman, convene meetings by giving notice, at least 5 Working Days prior to the meeting (or such other period so determined by the UMSUG Chairman), to all members and attendees. Such notice shall set out:

- the date, time and place of the meeting; and
- an agenda of the matters for consideration at the meeting and any supporting papers available to the Technical Secretary at the time the notice is given.

 - Central Managed Systems (CMS) applications;
 - New types of UMS apparatus;
 - Advice on changes to UMS documentation, e.g. BSCP520, OID, etc;
 - load research on Unmetered Supplies; and
 - matters relating to Equivalent Meters.

9 UMSUG Communications

7.1 Operational Communications

- 9.1.1 Where the UMSUG is overseeing defined BSC processes, any communications to BSC Parties, Party Agents or other bodies will be defined either in the BSC or in Code Subsidiary Documents (most often BSCPs) and may take the form of consultations, circular notifications, e-mails or letters etc.

- 9.1.2 Where the UMSUG deals with matters which do not have explicitly defined communication steps set out in the BSC but do fall clearly within its explicitly defined areas of responsibility, powers and functions the UMSUG will communicate with BSC Parties, Party Agents or other bodies via e-mails and letters.
- 9.1.3 In both cases such communications may be delegated to ELEXON by the UMSUG unless otherwise prohibited by the BSC.
- 9.1.4 Such communications as outlined above remain the responsibility of the UMSUG.

7.2 Strategic Communications and Other Communications

- 7.2.1 From time to time, matters may arise that relate to wider industry issues. Such matters may impact the UMSUG's areas of responsibility either directly or indirectly but will also have impacts that arise out with the BSC.
- 7.2.2 Where the UMSUG has views on such matters these views should be relayed to the SVG such that the SVG may, at its discretion, relay the views to the Panel.
- 7.2.3 It is possible that the views of the UMSUG do not align with the views of the SVG itself. To ensure that the views of the UMSUG are not lost, where matters are relayed to the SVG, these will be recorded in the relevant meeting materials or minutes as appropriate. Further, where the SVG decides to relay its own views to the Panel, it should reference the views of the UMSUG.
- 7.2.4 Where the Panel issues communications to an industry participant, body or government department based on matters brought to its attention by the UMSUG via the SVG (or receives responses to such communications), the Panel will, unless it agrees otherwise on the basis of confidentiality, provide a copy of such communications or responses to the SVG and the UMSUG.

7.3 Time-Bound Communications

- 7.3.1 Where the UMSUG identifies a strategic or other matter (as outlined in paragraph 7.2.1) which it wishes to bring to the SVG's attention, and where that matter is such that the value of so doing would be eroded if it is not brought to the SVG's attention before the next scheduled SVG meeting, the Chairman will relay the matter to the SVG Chairman (or, in their absence, the SVG Vice Chairman) directly.
- 7.3.2 The SVG Chairman (or, in their absence, the SVG Vice Chairman) will then determine whether to:
- i) seek the views of SVG Members and their ex-committee approval to relay the views to the Panel; or
 - ii) relay the views of the UMSUG to the Panel so as to meet the timescales required and circulate a copy of these views to SVG Members² for information.

² Including those regular attendees (if appointed) who are entitled to attend the SVG in accordance with the SVG Terms of Reference (i.e. the Panel Sponsor, the representative of the Authority, the representative of the Transmission Company and MRASCo).
