CIRCULAR

TYPE & NUMBER	ELEXON Circular – EL02210
Date	24 February 2015
To	BSC Parties
From	BSC Operations
Purpose	For information

Issue with 'Indicative Triad Demand Information' on the Electricity Data Summary page of the BMRS website: Resolved

What has happened?

Following on from ELEXON Circular EL02208, the Balancing Mechanism Reporting System (BMRS) is now correctly calculating Indicative Triads based on Settlement Metering Data for the 2014–2015 Triad Season.

What do I need to do?

If you have any questions, please contact the BSC Service Desk.
