

Zeta LED Belisha Pole Illumination Kit

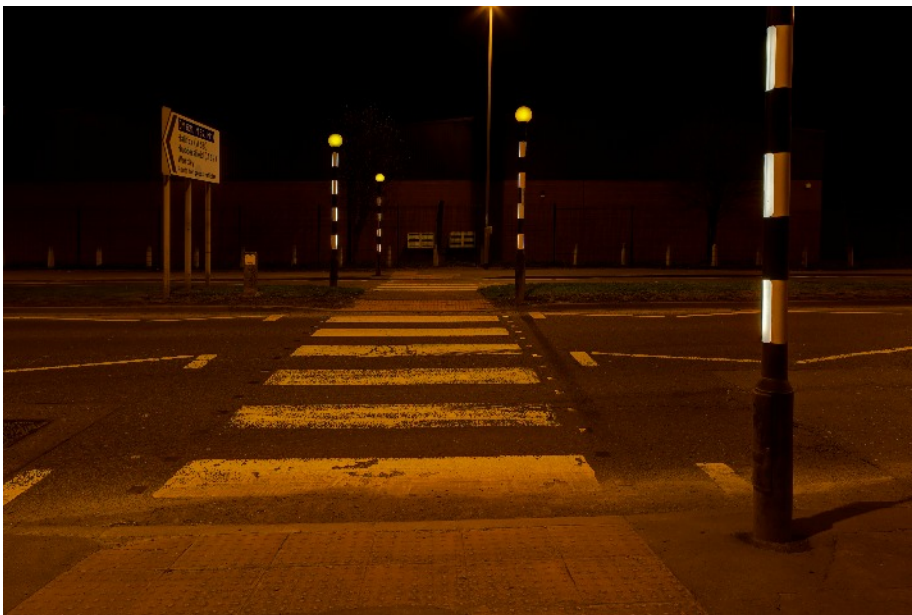

zeta
Specialist Lighting

With it's unique design, the Zeta LED Belisha Pole Illumination Kit is the perfect retrofit solution, giving superior and even illumination along the pole.

With an average rated life of 50,000 hours, the kit is robust and long lasting.

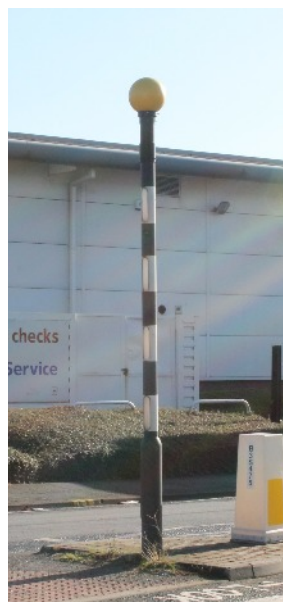

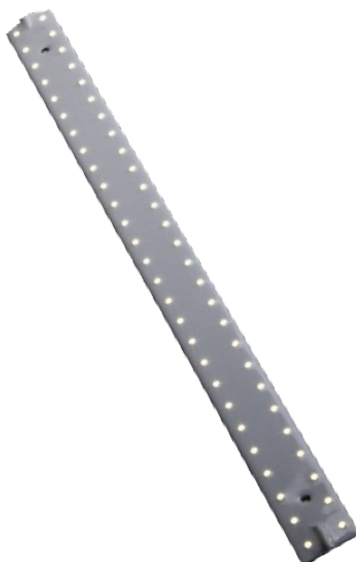

Easy installation is key for the retrofit of Belisha Poles as they are often cemented into the pavement. Using the latest LED technology, Zetas illumination kit can be fitted simply into the vertical pole from the top; with minimal disruption and install time.

The Zeta LED Belisha Kit not only provides ultimate lighting performance but also achieves substantial energy and cost savings.

Features:

- Retrofit solution
- Even illumination
- Long life: average 50,000hrs
- Robust
- Long lasting
- Easy installation
- Energy and cost saving

Applications:

- Pedestrian crossings
