

Octolite GX24 Corn bulbs

The Octolite GX24 range of corn bulbs are designed as a direct replacement for GX24 CFL lamps for such applications as road sign lighting and bollard lighting.

Power rating ranges from 5W to 30 watts offering considerable energy saving compared to their conventional counterparts and with a life expectancy in excess of 35,000 hours are practically maintenance free.

The lamps use a plastic cover to prevent damage to The LED chips and to reduce glare.

Although designed with a GX24 base these lamps are also available with E27 bases.

As with all Magnatech LED lighting products, the lamps emit no UV light, contain no harmful metals such as mercury and are more than 95% recyclable.
