

# SENNA®

*Designed for use in SFB Bulkheads*

*"SENNA" is a retrofit efficient LED gear tray designed to convert existing SFB bulkheads that use single or twin fluorescent tubes & PL lamps to the latest LED technology, making them highly energy efficient with up to 65% energy savings with little to no maintenance required.*

SPECIFICATION	
System Power (W)	10W
Lumens output lm	1250 lm
Colour Temperature (K)	4000K
CRI (Ra)	>80
Efficacy (Lumens per Watt)	127 lm/W
Lifetime (Hours)	60,000
Energy Efficiency	A+
IP Rating	No Change to existing fixture IP rating
Warranty	3 Years

**LED Lighting  
Made in the UK**

SENNA Replacement Gear Tray the low cost, environmentally conscious and energy saving solution to upgrade your communal area lighting, using the latest LED technology coupled with our High Performance Diffuser that delivers outstanding illuminance performance

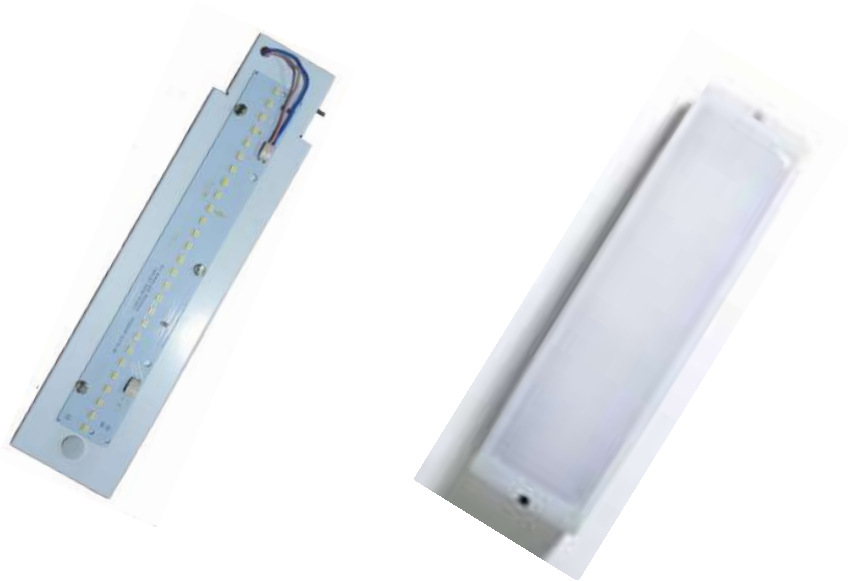

**PRODUCT TESTED BY**

**LIA Laboratories**

**GEAR TRAY KIT CONTAINS:**

- 1 x 10W LED Gear Tray c/w Driver
- 1 x Tray Support Pillar
- 1 x Pre-wired Male/Female Connector
- 1 x High Performance Opal Diffuser (see details below)
- 2 x Diffuser S.S Security Screws

**HIGH PERFORMANCE DIFFUSER**

*Developed for us our **Lumax** diffuser is one of the highest performing diffusers available for LED Lighting today and eliminates the "hot - spot" or "glare" caused by the LED boards, and out performs standard opal diffusers with a Light Output Ratio increase of up to 92% This increase in diffuser performance allows us to reduce the circuit watts of the gear tray and still achieve the desired light output ratio (LOR). Further helping energy savings and increased product efficiency.*

**SIMPLE EASY INSTALLATION—JOB COMPLETE IN MINUTES**

1. Remove old diffuser
2. Remove existing gear tray from existing fixture
3. Install new LED gear tray
4. Fit new High Performance Diffuser
