

LED Street Light

Tyako

The FLUX TYAKO is a stylish and powerful streetlight designed to offer easy installation and maintenance. Installed with LG drivers and LG chips allowing for a tool free maintenance approach, both the power supply and LED module can be replaced without tools, simply click the easy to open clips on either side. The high output LG LED's offer excellent lumens per watt (over 130) and the light can be specified to suit any road type and width.
