+40°C* Maximum Ambient

LED Light Source

SPECIFICATION

- LED Colour temperature of 4000k or 5700k
- Colour rendering index >70
- >100,000 hour lifetime
- Up to 113lm/W
- High quality pressure die cast and spun aluminium housing
- Post top mounting of 60mm or 76mm
- UMSUG Codes available for full product range
- Wide variety of colour finishes.
- Power Factor >0.90
- Optional surge protection of 10kV/10kA
- DALI, 1-10V, CMS or Part Night Dimming compatible
- High impact polycarbonate cover
