

CIRCULAR

TYPE & NUMBER ELEXON Circular – EL02703

Date 11 September 2017

To BSC Parties

From BSC Operations

Purpose For information

ELEXON power outage: Saturday 16 and Sunday 17 September 2017

What's the issue?

A planned power outage will take place between **7:00 (BST) Saturday 16 September and 19:00 (BST) Sunday 17 September 2017**. Please note these times are approximate and the length of the outage will be dependent on the maintenance work required.

This is an ELEXON IT systems outage and **will not affect the BSC Central Systems**.

Why is the outage required?

The outage is a result of our annual building shutdown and takes place outside of working hours. There should be minimal impact on BSC Parties and us.

How will I be affected?

During the outage, the networks will be intermittently unavailable; therefore, we will be unable to receive TIBCO messages, which are used for calculating the Balancing Mechanism (BM) Prices. As a result, the BM Prices for Settlement Days Saturday 16 September 2017 and Sunday 17 September 2017 may be less reliable than usual.

This will not be corrected until we have data from the Interim Information (II) run for these two Settlement Days.

For more information, please contact bscservicedesk@cgi.com.
