Responses

British Gas	Yes	-

Scottish Power	Yes	-
SSE Energy Supply Limited	Yes	We fully support the proposal to ensure that MOAs are completing both BSC Qualification/ re-Qualification and MOCOPA accreditation. We note from the ISG comments within the CP1498 consultation paper that ELEXON confirmed they will verify the information provided by applicants in their Self-Assessment Documents with the MOCOPA website and that MOCOPA will use their independent website to provide more information around applicants who are going through the Accreditation process, before approving applications. We support this collaboration in cross-checking between BSC and MOCOPA to ensure adequate monitoring of MOAs, which in turn will provide a greater level of confidence for the Settlements process.
