Npower	Yes	As this CP applies to new suppliers, we do not believe it will impact Npower at this time. As a result we are happy to accept the proposed solution.
Scottish Power	Yes	No rationale provided
SSE Energy Supply Ltd	Yes	We agree in principle with the adding of D0367 to BSCP537 Appendices 1 and 2 because it will provide consistency between the obligations and criteria for BSC qualification assessment and assurance, and it ensures new Suppliers and new/re-Qualifying MOAs have adequate methods in place to send and receive the correct information, which protects against risk to the Settlement process.
