## Catch up with our webinar on how customers could buy power from multiple providers

Did you miss our latest webinar on how customers could buy power from multiple providers? You can now catch up with the content.

On 5 June 2018, ELEXON hosted a webinar to discuss our recently [published white paper](#), which offers an ELEXON view of how BSC central services could be adapted to offer Settlement solutions in support of individual customers buying electricity from more than one supplier. We believe that relatively straightforward

amendments to BSC central services could form the basis of new industry arrangements that allow customers the flexibility to buy electricity from multiple providers.

You can [watch a replay of the webinar](#) on our YouTube channel and view the [slides](#) and a [Q&A document](#) on the [Training videos and webinars](#) page of our website.

## ELEXON Disputes decisions

The view of the Disputes Secretariat on Trading Dispute DA815 is now available on the [Disputes Decisions](#) page of our website. If you believe you should have been notified as an affected Party, please contact us at [disputes@elexon.co.uk](mailto:disputes@elexon.co.uk) and we will take the Dispute to the Trading Disputes Committee.

**Trading Dispute DA815:** a BSC Party raised Trading Dispute DA815 due to the Supplier's ongoing data processing issues within its Long Term Vacant (LTV) processes. The error does not meet the £3,000 materiality threshold specified in BSCP11, therefore ELEXON considers Trading Dispute DA815 to be invalid.

## Modifications, Change and Implementation

### Live Consultations

#### CPC00788 Impact Assessment of CP1507

Deadline for responding: **29 June 2018, 17:00**

[CP1507 'Updates to BSCP520 to align with working practices and UMSUG recommendations'](#) seeks to align BSCP520 'Unmetered Supplies Registered in SMRS' with working practices of Meter Administrators (MAs), following issues identified by the Unmetered Supplies User Group (UMSUG). These issues relate to removal of unwanted data flows to Unmetered Supply Operators, Equivalent Meter (EM) Operation, Electric Vehicle (EV) charging and an issue highlighted by the BSC Auditor. These changes will support, clarify and remove potential inefficiencies in the BSC's Unmetered Supplies (UMS)

#### Who will be impacted?

- Unmetered Supplies Operators

The Consultation response form and supporting documents can be found on the [CP1507](#) page of our website.

Please send your response titled 'CPC00788 Consultation' to [bsc.change@elexon.co.uk](mailto:bsc.change@elexon.co.uk) by **17:00 on 29 June 2018**. Please let us know as soon as possible if you are unable to meet this deadline.

For more information on CP1507 please call **Harry Parsons** on 020 7380 4321. Alternatively, please email [bsc.change@elexon.co.uk](mailto:bsc.change@elexon.co.uk).
