

Explanation of terms and methodology

High, Medium and Low Audit Issues:

Audit issues are rated by the BSC Auditor as either Low, Medium or High based on a number of factors including the likely hood of the issue to result in material Settlement impact and the potentiality of such materiality.

Formula for Ranking Score:

Score for each category (high, medium and low) is 'Number of Audit Issues' x 'Weighting' x 'Average Age'

Total score is the sum of the scores received for each category.

Conditional Formatting:

Individual role tabs have conditional formatting applied such that the lowest scores (least issues) are coloured green with the highest scores (most issues/oldest issues) are coloured red with the middle percentile coloured yellow. This is to make comparison of performance within a given role easier.

The 'Role Comparison' and 'Worst Performers' tabs use conditional formatting with scores and average ages coloured using the same gradient but applied across the total population to show the comparative scores across all roles and Parties.
